CODE OF CONDUCT

INSTITUTE OF CHRIST THE KING SOVEREIGN PRIEST

I. Preamble

The members, staff, and volunteers of the Institute of Christ the King Sovereign Priest (the “Institute”) must exemplify Christian virtues and appropriate conduct. This *Code of Conduct* provides a set of standards for conduct for Institute members, staff, and volunteers when they are fulfilling their duties in service to the Institute. The Institute condemns all forms of misconduct – sexual, physical, or emotional. This *Code of Conduct* intends to establish a balance between encouraging positive and appropriate interactions and hindering inappropriate and/or potentially harmful or unsafe interactions. The goal of this Code of Conduct is to create an environment where there is no opportunity for sexual misconduct or other harmful acts.

II. Responsibility

The public and private conduct of the Institute’s members, staff, and volunteers can inspire and motivate, but when the actions are inappropriate it can also scandalize and undermine the people’s faith. The Institute’s members, staff, and volunteers must know that God’s goodness and grace supports them in their ministry, and they must also be aware of the responsibilities that come with the trust offered by those seeking advice, guidance and instruction.

Responsibility for adherence to the *Code of Conduct* is not optional and rests with the individual. All members, staff, and adult volunteers are expected to follow these guidelines, and those who disregard this *Code of Conduct* or fail to act consistently with the *Code of Conduct* will be subject to remedial action by the Institute. Violations of these guidelines are a serious matter and will be investigated and resolved in accordance with the Institute’s policy. Corrective action may take various forms—from a verbal reproach to removal from the ministry based on the specific nature and circumstances of the offense and the extent of the harm or potential harm.

III. Definitions

3.1. Adults; Adult Volunteers

As an integral part of its mission, the Institute may take or acquire photographs, videos, or voice recordings ("Audiovisual Media") that communicate news about the implementation of its mission and vision. This Audiovisual Media is usually of individuals at public events, such as Masses, Baptisms, Confirmations, performances, and community outreach projects. This Audiovisual Media may be routinely published in printed and digital publications and training materials, and/or on its website or other social media platforms. Before participating in the Institute's *private* events, such as events requiring advance registration or payment of a fee, individuals will be asked to provide written permission for the use of their images. The Institute is committed to the responsible use of Audiovisual Media.

- 4.8.7. This Audiovisual Media Policy will be published for the public on the Institute's website, in its newsletters, and outside of its sanctuaries so that those who prefer for their images or voice not to be used in accordance with Institute policy may take action to avoid being recorded.

4.9. Be Alert for Special Needs

Many people, especially vulnerable persons, cannot hear, see, run, play, listen and/or actively engage as well as others. Actively assess the individuals to whom you minister. Strive to keep them safe from physical and emotional harm and actively attend to their needs. Seek help from your superior if an individual you serve needs extra help or accommodation. If because of age or other infirmity, you perceive that an individual might misconstrue your actions and intentions, make sure that your interactions are in public and in the company of other witnesses.

4.10. Monitoring Behavior

Members, staff, and adult volunteers shall learn the warning signs of potentially abusive relationships and shall monitor the behavior of other members, staff, and adult volunteers with whom they have contact. Members, staff, and adult volunteers shall maintain a healthy suspicion of all adults involved in Institute activities and shall watch for grooming behaviors identified in diocesan and Institute safe environment training, such as: showing favoritism, giving gifts, arranging unsupervised or unscheduled time alone with a minor, or engaging in frequent physical contact with a minor. Any member, staff, or adult volunteer who perceives that another adult is engaging in grooming behaviors, sexual misconduct, or other inappropriate or harmful behavior shall immediately report this information to the superior.

V. Standards of Conduct With Minors

5.1. Two Adults at All Times

- 5.1.1. No fewer than two members, staff, or adult volunteers must be present at all Institute activities involving minors (including transportation to and from Institute activities), except in the case of an Institute priest offering spiritual direction.

5.1.2. Furthermore, the superior should establish specific age and program supervision ratios for each activity involving minors. Ratios should be determined separately for each activity based on: (a) age and development of the minors, (b) the level of risk of isolation in the activity, and (c) location of the activity and ability for others to casually observe an adult's interaction with a minor.

5.1.3. Under no circumstances may a minor be placed in a supervisory role over other minors. It is the responsibility of adults to properly supervise the minors in their care.

5.2. No Drugs and Alcohol

Members, staff, and adult volunteers shall not use alcohol when working with minors (aside from the use of wine in the Holy Sacrifice of the Mass). Members in violation of this policy shall be subject to appropriate canonical or ecclesial discipline as determined by the provincial superior. Staff and volunteers violating this policy may be terminated.

5.3. Respect for Personal Living Spaces – Supplemental Provisions Involving Minors

5.3.1. Members, staff, and adult volunteers should not allow minors to visit or stay overnight in the member's, staff's or adult volunteer's private living quarters, accommodations, or residence.

5.3.2. Members, staff, and adult volunteers may not visit a minor in his residence unless another adult is present.

5.3.3. For Institute activities that include overnight stays with minors, members, staff, and adult volunteers may not share bedrooms with minors, including but not limited to, bedrooms in any Church-owned facility, private residence, hotel room, or any other place. Where separate accommodations cannot be provided due to group size or limited availability, then an exception may be made to this policy if the following three criteria are met: (a) the provincial superior approves the accommodations in advance; (b) the alternative accommodations do not mix males and females; and (c) the rule pertaining to "Two Adults at All Times," above, remains in force.

5.4. Use of Social Media – Supplemental Provisions Involving Minors

5.4.1. No member, staff member, or adult volunteer shall collect email addresses, phone numbers or any other contact or social media information from minors without written permission from parents or guardians. Parents or guardians must designate, in writing, which form(s) of communication with minors may be used and must provide the contact information.

5.4.2. Members, staff, and adult volunteers will normally use office land lines and official Institute email accounts to conduct conversations with minors. Members, staff, and adult volunteers who wish to conduct email or online conversations with minors age 13 or below must do so only through the social media (see definition above) accounts of the minor's parent or guardian. Members, staff, and adult volunteers will not share personal social media accounts with minors, except for cell phone numbers when used in accordance with the texting policy below.

5.4.3. Members, staff, and adult volunteers who communicate with minors between the ages of 14 and 17 by means of text or other electronic messaging service must copy the minor's parent or guardian on all such communications.

5.4.4. Members, staff, and adult volunteers may not add any minors to personal email lists. When copying minors on approved communications, blind copy options must be used so that other recipients cannot gain access to the minor's contact information.

5.4.5. Any staff or adult volunteer who receives a "friend request" on his personal social media account from a minor affiliated with the Institute should reject the request, unless specific permission is granted by the superior and the individual's parent or guardian.

5.5. Audiovisual Media Policy- Supplemental Provision Involving Minors

5.5.1. Parents and/or guardians of minors will be given a copy of the Institute's Audiovisual Media Policy.

5.5.2. By permitting minor to participate in the Institute's *public* events, such as Masses, Baptisms, Confirmations, performances, and community outreach projects, parents and guardians will be deemed to have consented to the Institute's policy, which allows Audiovisual Media of minors to be used as described in the policy.

5.5.3. Before participating in the Institute's *private* events, such as events requiring advance registration or payment of a fee, parents and guardians will be asked to provide written permission for the use of a minor's Audiovisual Media at the private event.

VI. Pastoral Standards for Spiritual Directors

6.1. General Standards of Conduct for Spiritual Directors

Spiritual Directors must respect the rights and advance the welfare of each person. The General Standards of Appropriate Behavior and the Standards of Conduct With Minors (Sections IV and V, above) apply to Spiritual Directors in the context of spiritual direction, except that spiritual direction may involve, when appropriate, one-on-one communications between a spiritual director and a minor.

6.2. Time and Location of Spiritual Direction

6.2.1. No sessions may be conducted in private living quarters, including any bedroom at any camp, retreat facility, hotel, or motel.

6.2.2. Sessions should not be held at places or times that could cause confusion about the nature of the relationship for the person receiving spiritual direction or for others in the environment.

6.2.3. Spiritual direction may only take place in locations which permit random observation by others because such a setting provides assurance that the interactions are appropriate to the relationship without compromising the privacy of the session. For example, spiritual direction should take place only in an office or other easily accessible place with an unobstructed window in the door or wall allowing visibility to those outside the meeting space, or in an office or other easily accessible place with the door left partially open such that the member and counselee can be seen by others. Spiritual Directors should never meet alone with a counselee in a location or at a time when no one else is in the facility to observe interactions. Spiritual Directors should always promote an atmosphere and attitude of openness and transparency. If an individual comes for an unscheduled appointment or arrives at a time when there are no other adults in the facility, the Spiritual Director should either reschedule the appointment or require another adult to stay in the facility during the appointment.

6.2.4. To the extent that an unforeseen circumstance arises wherein a Spiritual Director cannot comply precisely with this Code of Conduct, he shall immediately advise the counselee and the superior of the circumstances and the manner in which the Spiritual Director adapted the policies to the unforeseen circumstance.

6.3. Precautions in Providing Spiritual Direction to Minors

6.3.1. Spiritual Directors shall inform parents or guardians in writing when they are beginning a course of spiritual direction with a minor. This written notice shall include a statement of the Institute's policies and procedures with respect to minors, and require written acknowledgement of receipt by the parent or guardian.

6.3.2. Spiritual Directors should inform their superiors and/or other staff on the premises of one-on-one meetings with minors, and invite random visual observation or status checks—even if the meeting is not on the Institute premises.

VII. Reporting Violations or Potential Violations of the Code of Conduct

Members, staff and volunteers are required to report violations, or concerns about potential violations, of this Code of Conduct. With respect to priest members, this requirement is subject to the seal of the confessional and the obligation of confidentiality as to spiritual direction protected by the Forum Internum. To the extent allowed by law, all reporting will be kept in strict confidence, so as to protect the rights of the one who reports the concern, the potential victim, and the potential accused.

7.1. Reporting Violations or Potential Violations Internally

7.1.1. Members, staff, and adult volunteers must report to the superior behaviors that raise concerns or violate this Code of Conduct. If the incident involves the superior, a report must be made to the provincial superior.

- 7.1.2. The superior may request that the concern be documented. The member, staff, or adult volunteer must follow the documentation processes requested by the superior.
- 7.1.3. Any member, staff, or adult volunteer should refrain from discussing the matter with others and keep the matter confidential to the extent possible, out of respect for the dignity of the accused and the potential victim.
- 7.1.4. Upon receipt of any report, the superior (or, when applicable, the provincial superior) is charged with the responsibility of determining the appropriate course of any investigation and resulting action. The superior shall make a written documentation of any report that he receives.

7.2. Reporting Violations to Civil Authorities

- 7.2.1. Members, staff, and adult volunteers who become aware of illegal actions by members, staff, or volunteers, must notify the proper civil authorities immediately, and must also notify the superior immediately. With respect to priest members, this requirement is subject to the seal of the confessional and the obligation of confidentiality as to spiritual direction protected by the Forum Internum.
- 7.2.2. Allegations of sexual misconduct will be taken seriously and reported to civil authorities as required by law. Allegations of sexual misconduct will be reported to the Provincial Superior of the Institute in the U.S. in all circumstances. Institute procedures will be followed to protect the rights of all involved.
- 7.2.3. Members, staff, and adult volunteers should review and learn the contents of the child abuse regulations and reporting requirements for the state in which they reside and/or participate in Institute activities, and, should follow those mandates. See Appendix for a list of child abuse reporting requirements.

ARIZONA

Summary of Provisions

Arizona requires any person who reasonably believes that a minor is or has been a victim of abuse or neglect to make a report to a peace officer immediately upon learning of the abuse or neglect. However, priests are exempted from mandatory child abuse reporting with respect to confidential communications or confessions received in the priest's role as a member of the clergy, if the priest determines that it is reasonable and necessary within the concepts of his religion to withhold reporting such confidential communications. Note that this exemption applies only to confidential communications or confessions, not to personal observations the priest might otherwise make of the minor.

This provision can be found at Arizona Revised Statutes §13-3620. A highlighted copy of the text of the statute follows:

Excerpts From the Law

Arizona Revised Statutes §13-3620

13-3620. Duty to report abuse, physical injury, neglect and denial or deprivation of medical or surgical care or nourishment of minors; medical records; exception; violation; classification; definitions

A. Any person who reasonably believes that a minor is or has been the victim of physical injury, abuse, child abuse, a reportable offense or neglect that appears to have been inflicted on the minor by other than accidental means or that is not explained by the available medical history as being accidental in nature or who reasonably believes there has been a denial or deprivation of necessary medical treatment or surgical care or nourishment with the intent to cause or allow the death of an infant who is protected under section 36-2281 shall immediately report or cause reports to be made of this information to a peace officer, to the department of child safety or to a tribal law enforcement or social services agency for any Indian minor who resides on an Indian reservation, except if the report concerns a person who does not have care, custody or control of the minor, the report shall be made to a peace officer only. A member of the clergy, a Christian Science practitioner or a priest who has received a confidential communication or a confession in that person's role as a member of the clergy, as a Christian Science practitioner or as a priest in the course of the discipline enjoined by the church to which the member of the clergy, the Christian Science practitioner or the priest belongs may withhold reporting of the communication or confession if the member of the clergy, the Christian Science practitioner or the priest determines that it is reasonable and necessary within the concepts of the religion. This exemption applies only to the communication or confession and not to personal observations the member of the clergy, the Christian Science practitioner or the priest may otherwise make of the minor.

CALIFORNIA

Summary of Provisions

California requires mandatory reporters to report known or suspected child abuse or neglect to a police or sheriff's department or the county welfare department. The initial report should be made by telephone as soon as possible, and a written report should be made within 36 hours.

California identifies a number of mandatory reporters of suspected child abuse, including: (1) administrators of day camps; (2) administrators and employees of youth centers, youth recreation programs, and youth organizations; (3) administrators, board members, and employees of organizations whose duties require direct contact and supervision of children; (4) clergy members; and (5) custodians of records for clergy members. Volunteers for organizations whose duties require direct contact with and supervision of children are NOT mandated reporters.

Priests are exempted from mandatory reporting to the extent that they acquire knowledge or a reasonable suspicion of child abuse or neglect during a "penitential communication," which is a communication, intended to be in confidence, made to a clergy member who is authorized to hear such communications and who, under the discipline, tenets, customs, or practices of his church, has a duty to keep those communications secret. Priests who acquire knowledge or a reasonable suspicion of child abuse or neglect under other circumstances are required to report.

California's statutory provisions concerning child abuse reporting can be found at California Penal Code §§11164-11174.3. Highlighted excerpts from these statutes follow:

Excerpts From the Law

"Child abuse or neglect" does not include a mutual affray between minors. "Child abuse or neglect" does not include an injury caused by reasonable and necessary force used by a peace officer acting within the course and scope of his or her employment as a peace officer.

California Penal Code § 11165.7.

Any of those agencies shall accept a report of suspected child abuse or neglect whether offered by a mandated reporter or another person, or referred by another agency, even if the agency to whom the report is being made lacks subject matter or geographical jurisdiction to investigate the reported case, unless the agency can immediately electronically transfer the call to an agency with proper jurisdiction. When an agency takes a report about a case of suspected child abuse or neglect in which that agency lacks jurisdiction, the agency shall immediately refer the case by telephone, fax, or electronic transmission to an agency with proper jurisdiction. Agencies that are required to receive reports of suspected child abuse or neglect may not refuse to accept a report of suspected child abuse or neglect from a mandated reporter or another person unless otherwise authorized pursuant to this section, and shall maintain a record of all reports received.

California Penal Code §11166.

(a) Except as provided in subdivision (d), and in Section 11166.05, a mandated reporter shall make a report to an agency specified in Section 11165.9 whenever the mandated reporter, in his or her professional capacity or within the scope of his or her employment, has knowledge of or observes a child whom the mandated reporter knows or reasonably suspects has been the victim of child abuse or neglect. The mandated reporter shall make an initial report by telephone to the agency immediately or as soon as is practicably possible, and shall prepare and send, fax, or electronically transmit a written followup report within 36 hours of receiving the information concerning the incident. The mandated reporter may include with the report any nonprivileged documentary evidence the mandated reporter possesses relating to the incident.

...

(b) If, after reasonable efforts, a mandated reporter is unable to submit an initial report by telephone, he or she shall immediately or as soon as is practicably possible, by fax or electronic transmission, make a one-time automated written report on the form prescribed by the Department of Justice, and shall also be available to respond to a telephone followup call by the agency with which he or she filed the report. A mandated reporter who files a one-time automated written report because he or she was unable to submit an initial report by telephone is not required to submit a written followup report.

...

(5) Nothing in this section shall supersede the requirement that a mandated reporter first attempt to make a report via telephone, or that agencies specified in Section 11165.9 accept reports from mandated reporters and other persons as required.

(c) A mandated reporter who fails to report an incident of known or reasonably suspected child abuse or neglect as required by this section is guilty of a misdemeanor punishable by up to six months confinement in a county jail or by a fine of one thousand dollars (\$1,000) or by both that imprisonment and fine. If a mandated reporter intentionally conceals his or her failure to report an incident known by the mandated reporter to be abuse or severe neglect under this section, the failure to report is a continuing offense until an agency specified in Section 11165.9 discovers the offense.

(d) (1) A clergy member who acquires knowledge or a reasonable suspicion of child abuse or neglect during a penitential communication is not subject to subdivision (a). For the purposes of this subdivision, "penitential communication" means a communication, intended to be in confidence, including, but not limited to, a sacramental confession, made to a clergy member who, in the course of the discipline or practice of his or her church, denomination, or organization, is authorized or accustomed to hear those communications, and under the discipline, tenets, customs, or practices of his or her church, denomination, or organization, has a duty to keep those communications secret.

(2) Nothing in this subdivision shall be construed to modify or limit a clergy member's duty to report known or suspected child abuse or neglect when the clergy member is acting in some other capacity that would otherwise make the clergy member a mandated reporter.

...

(f) Any mandated reporter who knows or reasonably suspects that the home or institution in which a child resides is unsuitable for the child because of abuse or neglect of the child shall bring the condition to the attention of the agency to which, and at the same time as, he or she makes a report of the abuse or neglect pursuant to subdivision (a).

(g) Any other person who has knowledge of or observes a child whom he or she knows or reasonably suspects has been a victim of child abuse or neglect may report the known or suspected instance of child abuse or neglect to an agency specified in Section 11165.9. For purposes of this section, "any other person" includes a mandated reporter who acts in his or her private capacity and not in his or her professional capacity or within the scope of his or her employment.

(h) When two or more persons, who are required to report, jointly have knowledge of a known or suspected instance of child abuse or neglect, and when there is agreement among them, the telephone report may be made by a member of the team selected by mutual agreement and a single report may be made and signed by the selected member of the reporting team. Any member who has knowledge that the member designated to report has failed to do so shall thereafter make the report.

(i) (1) The reporting duties under this section are individual, and no supervisor or administrator may impede or inhibit the reporting duties, and no person making a report shall be subject to any sanction for making the report. However, internal procedures to facilitate reporting and apprise supervisors and administrators of reports may be established provided that they are not inconsistent with this article. An internal policy shall not direct an employee to allow his or her supervisor to file or process a mandated report under any circumstances.

(2) The internal procedures shall not require any employee required to make reports pursuant to this article to disclose his or her identity to the employer.

(3) Reporting the information regarding a case of possible child abuse or neglect to an employer, supervisor, school principal, school counselor, coworker, or other person shall not be a substitute for making a mandated report to an agency specified in Section 11165.9.

Summary of Provisions

1. Child Abuse Reporting

Connecticut requires mandatory reporters to report known or suspected child abuse or neglect by telephone or in person to the Commissioner of Children and Families or a law enforcement agency. The initial report should be made within 12 hours of when the mandatory reporter obtains information concerning child abuse, and the mandatory reporter must file a written report within 48 hours of obtaining information of child abuse.

Connecticut identifies a number of mandatory reporters of suspected child abuse, including: (1) members of the clergy; (2) adults employed as coaches or directors of youth athletics; (3) paid youth camp directors or assistant directors. **Priests are NOT exempted from mandatory reporting of known or suspected child abuse or neglect.** A mandatory reporter who fails to make a timely report of child abuse or neglect commits a crime. Individuals who are not mandatory reporters may report known or suspected child abuse.

2. Testamentary Privilege

Although Connecticut's child abuse law does not contain an exemption for priests who learn about child abuse or neglect by means of confidential communications within the confessional or the internal forum of spiritual direction, Connecticut does recognize a priest-penitent privilege by means of which a priest can refuse to disclose confidential communications made to him in his professional capacity in any civil or criminal case or proceedings preliminary thereto, or in any legislative or administrative proceeding, unless the person making the confidential communication waives such privilege.

This privilege applies only to confidential communications involving religious or spiritual advice, aid, or comfort. The party asserting the privilege must establish that: (1) there was a communication; (2) the communication was confidential; (3) it was made to a member of the clergy within the meaning of the statute; (4) the communication was made to the clergy member in his or her professional capacity; (5) the disclosure was sought as part of a criminal or civil case; and (6) the defendant did not waive the privilege.

Connecticut's statutory provisions concerning child abuse reporting can be found at Connecticut General Statutes §17a-101 et seq. and Connecticut General Statutes §46b-120(5). Connecticut's priest-penitent privilege statute can be found at Connecticut General Statutes § 52-146b. Highlighted excerpts from these statutes and from relevant case law follow:

ILLINOIS

Summary of the Provisions

Illinois requires mandatory reporters to report known or suspected child abuse or neglect to the Department of Children and Family Services immediately. Failure to report constitutes a misdemeanor or a felony, depending upon the circumstances.

Illinois identifies a number of mandatory reporters of suspected child abuse, including: (1) any recreational or athletic program or facility personnel; and (2) any member of the clergy.

Although Illinois abrogates other privileges in connection with the requirement to report child abuse, its child abuse reporting statute expressly permits a member of the clergy to claim a privilege against disclosing any confession or admission made to him in his professional character or as a spiritual advisor in the course of the discipline enjoined by the rules or practices of his religion. A priest may not be compelled to divulge any information he obtained as a confessor or spiritual advisor.

Illinois' statutory provisions concerning child abuse reporting can be found at 325 Illinois Compiled Statutes 5/1 et seq. Illinois' statutory clergy privilege can be found at Illinois Code of Civil Procedure §8-803. Highlighted excerpts from these statutes follow:

325 Illinois Compiled Statutes 5/4

Sec. 4. Persons required to report; privileged communications; transmitting false report.

Any ... recreational or athletic program or facility personnel, ... having reasonable cause to believe a child known to them in their professional or official capacity may be an abused child or a neglected child shall immediately report or cause a report to be made to the Department.

Any member of the clergy having reasonable cause to believe that a child known to that member of the clergy in his or her professional capacity may be an abused child as defined in item (c) of the definition of "abused child" in Section 3 of this Act shall immediately report or cause a report to be made to the Department.

...

Whenever such person is required to report under this Act in his capacity as a member of the staff of a medical or other public or private institution, school, facility or agency, or as a member of the clergy, he shall make report immediately to the Department in accordance with the provisions of this Act and may also notify the person in charge of such institution, school, facility or agency, or church, synagogue, temple, mosque, or other religious institution, or his designated agent that such report has been made. Under no circumstances shall any person in charge of such institution, school, facility or agency, or church, synagogue, temple, mosque, or other religious institution, or his designated agent to whom such notification has been made, exercise any control, restraint, modification or other change in the report or the forwarding of such report to the Department.

The privileged quality of communication between any professional person required to report and his patient or client shall not apply to situations involving abused or neglected children and shall not constitute grounds for failure to report as required by this Act or constitute grounds for failure to share information or documents with the Department during the course of a child abuse or neglect investigation. If requested by the professional, the Department shall confirm in writing that the information or documents disclosed by the professional were gathered in the course of a child abuse or neglect investigation.

The reporting requirements of this Act shall not apply to the contents of a privileged communication between an attorney and his or her client or to confidential information within the meaning of Rule 1.6 of the Illinois Rules of Professional Conduct relating to the legal representation of an individual client.

A member of the clergy may claim the privilege under Section 8-803 of the Code of Civil Procedure.

...

Any person who enters into employment on and after July 1, 1986 and is mandated by virtue of that employment to report under this Act, shall sign a statement on a form prescribed by the Department, to the effect that the employee has knowledge and understanding of the reporting requirements of this Act. Any person who knowingly and willfully violates any provision of this Section other than a second or subsequent violation of transmitting a false report as described in the preceding paragraph, is guilty of a Class A misdemeanor for a first violation and a Class 4 felony for a second or subsequent violation; except that if the person acted as part of a plan or scheme having as its object the prevention of discovery of an abused or neglected child by lawful authorities for the purpose of protecting or insulating any person or entity from arrest or prosecution, the person is guilty of a Class 4 felony for a first offense and a Class 3 felony for a second or subsequent offense (regardless of whether the second or subsequent offense involves any of the same facts or persons as the first or other prior offense).

...

For purposes of this Section "child abuse or neglect" includes abuse or neglect of an adult resident as defined in this Act.

325 Illinois Compiled Statutes 5/7

The report required by this Act shall include, if known, the name and address of the child and his parents or other persons having his custody; the child's age; the nature of the child's condition including any evidence of previous injuries or disabilities; and any other information that the person filing the report believes might be helpful in establishing the cause of such abuse or neglect and the identity of the person believed to have caused such abuse or neglect. Reports made to the central register through the State-wide, toll-free telephone number shall be immediately transmitted by the Department to the appropriate Child Protective Service Unit. All such reports alleging the death of a child, serious injury to a child including, but not limited to, brain damage, skull fractures, subdural hematomas, and internal injuries, torture of a child, malnutrition of a child, and sexual abuse to a child, including, but not limited to, sexual intercourse, sexual exploitation, sexual molestation, and sexually transmitted disease in a child age 12 and under, shall also be immediately transmitted by the Department to the appropriate local law enforcement agency. The Department shall within 24 hours orally notify local law enforcement personnel and the office of the State's Attorney of the involved county of the receipt of any report alleging the death of a child, serious injury to a child including, but not limited to, brain damage, skull fractures, subdural hematomas, and, internal injuries, torture of a child, malnutrition of a child, and sexual abuse to a child, including, but not limited to, sexual intercourse, sexual exploitation, sexual molestation, and sexually transmitted disease in a child age twelve and under. Written confirmation reports from persons not required to report by this Act may be made to the appropriate Child Protective Service Unit. Written reports from persons required by this Act to report shall be admissible in evidence in any judicial proceeding or administrative hearing relating to child abuse or neglect. Reports involving known or suspected child abuse or neglect in public or private residential agencies or institutions shall be made and received in the same manner as all other reports made under this Act.

Sec. 10. Any person who makes a report or who investigates a report under this Act shall testify fully in any judicial proceeding or administrative hearing resulting from such report, as to any evidence of abuse or neglect, or the cause thereof. Any person who is required to report a suspected case of abuse or neglect under Section 4 of this Act shall testify fully in any administrative hearing resulting from such report, as to

any evidence of abuse or neglect or the cause thereof. No evidence shall be excluded by reason of any common law or statutory privilege relating to communications between the alleged perpetrator of abuse or neglect, or the child subject of the report under this Act and any person who is required to report a suspected case of abuse or neglect under Section 4 of this Act or the person making or investigating the report.

Illinois Code of Civil Procedure §8-803

A clergyman or practitioner of any religious denomination accredited by the religious body to which he or she belongs, shall not be compelled to disclose in any court, or to any administrative board or agency, or to any public officer, a confession or admission made to him or her in his or her professional character or as a spiritual advisor in the course of the discipline enjoined by the rules or practices of such religious body or of the religion which he or she professes, nor be compelled to divulge any information which has been obtained by him or her in such professional character or as such spiritual advisor.

INDIANA

Summary of Provisions

Indiana requires any individual who has reason to believe that a child is a victim of child abuse or neglect to make an immediate oral or written report to the department of child services or to the local law enforcement agency. An individual who has a duty to report suspected child abuse or neglect due to his position as a member of the staff of a private institution, facility, or agency must also immediately notify the individual in charge of the institution, facility, or agency that the report was made. Immediate means without any delay; a school principal who waited four hours to contact law enforcement about a reported rape in a school bathroom was convicted for violating the mandatory reporting statute. Failure to report constitutes a Class B misdemeanor, which is punishable by imprisonment for up to 180 days and by a fine not to exceed \$1,000.

The Indiana Code's definition of child abuse or neglect is broad and makes reference to numerous other code provisions. Child abuse or neglect includes indications that: (1) a child's physical or mental condition is seriously impaired or endangered due to a parent's or guardian's inability or refusal to supply the child with necessary food, clothing, shelter, medical care, education, or supervision; (2) a child's physical or mental health is seriously endangered due to injury by the act or omission of the parent or guardian; (3) a child is the victim of a wide variety of crimes, including battery, strangulation, child neglect or child selling, rape, child molesting, child exploitation, possession of child pornography, vicarious sexual gratification, sexual conduct in the presence of a minor, child solicitation or seduction, sexual battery, sexual misconduct with a minor, public indecency, prostitution, making an unlawful proposition, or incest; (4) the child is a victim of an attempt or conspiracy to commit various crimes, including murder, causing suicide, manslaughter, or reckless homicide; (5) the child lives in the same household as an adult who committed or has been charged with and is awaiting trial on the offenses listed above; (6) the child's parent or guardian allows the child to participate in an obscene performance or to commit indecent acts or prostitution; (7) the child is a missing child or is the victim of criminal confinement or interference with custody; (8) the child has a disability and is deprived of nutrition that is necessary to sustain life or is deprived of medical or surgical intervention necessary to remedy or ameliorate a life threatening medical condition.

Indiana does not exempt priests from mandatory reporting based on communications learned in confession or spiritual direction. However, Indiana recognizes a privilege by which clergymen shall not be required to testify regarding: (1) confessions or admissions made to a clergyman in the course of discipline enjoined by the clergyman's church; or (2) confidential communications made to a clergyman in the clergyman's professional character as a spiritual adviser or counselor. In child abuse and neglect cases, the Indiana Code expressly abrogates the testimonial privilege applicable to a variety of confidential communications, such as those between health care providers and patients, spouses, school counselors or psychologists and students, but no such abrogation exists for confidential communications with clergymen.

Indiana's statutory provisions concerning child abuse reporting can be found at Indiana Code §31-33-5 and §31-34-1. Indiana's statutory provisions concerning testamentary privileges can be found at Indiana Code §34-46-3, and the abrogation of certain testamentary privileges for child abuse cases can be found at Indiana Code §31-32-11. Caselaw

Smith v. State, 8 N.E.3d 668, 670 (Ind. 2014)

Indiana's mandatory child abuse reporting law states that any individual who has reason to believe that a child is a victim of child abuse or neglect "shall immediately make an oral report to" the department of child services or the local law enforcement agency. IC 31-33-5-1; IC 31-33-5-4. Immediate means without any delay. In *Smith v. State*, the Indiana Supreme Court affirmed a high school principal's conviction for failing to report suspected child abuse because the principal waited four hours to call police after he learned of a student's report that another student had raped her in a school bathroom.

LOUISIANA

Summary of Provisions

Louisiana requires any mandated reporter who has cause to believe that a child's physical or mental health or welfare is endangered as a result of abuse or neglect to make a report immediately. If the abuser is believed to be the child's parent, caretaker, or the spouse/girlfriend/boyfriend of the child's parent or caretaker, the report must be made through the state child protection reporting hotline (1-855-452-5437). If the abuser is believed to be someone who does not stand in one of these relationships to the child, the report may be made to a local or state law enforcement agency. Mandated reporters include: priests; teachers; teachers' aides; school administrators; social workers; day care providers and any individuals who provide care services to a child in a voluntary or professional capacity; and any person who provides organized activities for children, including administrators, employees, or volunteers of any day camp, summer camp, youth center, or youth recreation programs.

However, priests are not required to report any confidential communication made in the sacrament of confession. In that instance, the priest must encourage that person to report the allegation to the appropriate authorities—either to the state child protection reporting hotline, or to a local or state law enforcement agency.

Any person who is required to report child abuse or neglect but knowingly and willfully fails to do so may be fined not more than \$500 and imprisoned for not more than six months. Any person who is required to report sexual abuse of a child or child abuse or neglect that results in serious injury or death, but knowingly and willfully fails to do so may be fined not more than \$3,000 and imprisoned for not more than three years.

Louisiana's statutory provisions concerning child abuse reporting can be found at Louisiana Children's Code, Art. 603 *et seq.* The criminal penalties for violations of Louisiana's mandatory child abuse reporting requirements can be found at Louisiana Revised Statutes, §14:403. Louisiana's statutory privilege concerning confidential communications to priests can be found at Louisiana Code of Evidence, Art. 511. Highlighted excerpts from these statutes follow:

C. Who may claim the privilege. The privilege may be claimed by the person or by his legal representative. The clergyman is presumed to have authority to claim the privilege on behalf of the person or deceased person.

MASSACHUSETTS

Summary of Provisions

Massachusetts requires mandatory reporters who have reasonable cause to believe a child is suffering physical or emotional injury as a result of abuse or neglect, to make an immediate oral report to the Department of Children and Families. The reporter must file a written report with the Department within 48 hours. Mandatory reporters may also contact local law enforcement authorities about the suspected abuse.

Mandatory reporters include priests, clergy members, ordained or licensed ministers, leaders of any church or religious body, and people performing official duties on behalf of a church or religious body that are recognized as the duties of a priest, minister, or leader of a church or religious body.

A priest need not report information solely gained in a confession. However, the priest must report suspected child abuse when he is acting in another capacity and learns information which reasonably causes him to believe a child is suffering physical or emotional injury as a result of abuse or neglect.

A mandatory reporter who fails to timely report suspected child abuse or neglect is subject to a fine of not more than \$1,000. A mandatory reporter who has knowledge of child abuse or neglect that resulted in the child's serious bodily injury or death and willfully fails to report such abuse or neglect is subject to a fine of up to \$5,000 and/or imprisonment for not more than 2.5 years.

Statutory and regulatory provisions related to child abuse reporting requirements in Massachusetts can be found at Massachusetts General Laws, Part I, Title XVII, Chapter 119, §§21, 51A and at 110 CMR §2.00. The statutory clergy privilege can be found at Massachusetts General Laws, Part III, Title II, Chapter 233, §20A. Highlighted excerpts of these provisions are included below.

110 CMR §2.00

Under the Department of Children and Families regulations (110 CMR, section 2.00): Abuse means: The non-accidental commission of any act by a caretaker upon a child under age 18 which causes, or creates a substantial risk of, physical or emotional injury; or an act by a caretaker involving a child that constitutes a sexual offense under the laws of the Commonwealth; or any sexual contact between a caretaker and a child under the care of that individual. This definition is not dependent upon location (i.e., abuse can occur while the child is in an out-of-home or in-home setting). Neglect means: Failure by a caretaker, either deliberately or through negligence or inability, to take those actions necessary to provide a child with minimally adequate food, clothing, shelter, medical care, supervision, emotional stability and growth, or other essential care; provided, however, that such inability is not due solely to inadequate economic resources or solely to the existence of a handicapping condition. This definition is not dependent upon location (i.e., neglect can occur while the child is in an out-of-home or in-home setting).

Physical Injury means: Death; or fracture of a bone, a subdural hematoma, burns, impairment of any organ, and any other such nontrivial injury; or soft tissue swelling or

skin bruising, depending upon such factors as the child's age, circumstances under which the injury occurred and the number and location of bruises; or addiction to a drug or drugs at birth; or failure to thrive.

Emotional Injury means: An impairment to or disorder of the intellectual or psychological capacity of a child as evidenced by observable and substantial reduction in the child's ability to function within a normal range of performance and behavior.

MICHIGAN

Summary of Provisions

Michigan requires mandatory reporters to report known or suspected child abuse or neglect to the centralized intake office of the Michigan Department of Health and Human Services immediately. The reporter must file a written report within 72 hours of the initial report. Failure to report constitutes a misdemeanor and may subject the mandatory reporter to a private civil action to recover damages caused by the failure to report.

Michigan identifies a number of mandatory reporters of suspected child abuse, including member of the clergy. Michigan law does not abrogate the broad statutory privilege it accords to communications made to a member of the clergy in his professional character in a confession or similarly confidential communication. Such communications are protected from disclosure. However, a member of the clergy must report suspected child abuse or neglect if the clergyman receives information while acting in any other capacity.

Michigan's statutory provisions concerning child abuse reporting can be found at Michigan Compiled Laws §§722.621-722.638. Michigan's statutory clergy privilege can be found at Michigan Compiled Laws §767.5a(b). Highlighted excerpts from these statutes follow:

Excerpts From the Law

Michigan Compiled Laws §722.623

Individual required to report child abuse or neglect; report by telephone or online reporting system; written report; contents; transmitting report to centralized intake; copies to prosecuting attorney and probate court; conditions requiring transmission of report to law enforcement agency; pregnancy or presence of sexually transmitted infection in child less than 12 years of age; exposure to or contact with methamphetamine production.

Sec. 3.

(1) An individual is required to report under this act as follows:

(a) A physician, dentist, physician's assistant, registered dental hygienist, medical examiner, nurse, person licensed to provide emergency medical care, audiologist, psychologist, marriage and family therapist, licensed professional counselor, social worker, licensed master's social worker, licensed bachelor's social worker, registered social service technician, social service technician, a person employed in a professional capacity in any office of the friend of the court, school administrator, school counselor or teacher, law enforcement officer, member of the clergy, or regulated child care provider who has reasonable cause to suspect child abuse or child neglect shall make an immediate report to centralized intake by telephone, or, if available, through the online reporting system, of the suspected child abuse or child neglect. Within 72 hours after making an oral report by telephone to centralized intake, the reporting person shall file a written report as required in this act. If the immediate report has been made using the online reporting system and that report includes the information required in a written report under subsection (2), that report is considered a written report for the purposes of this section and no additional written report is

required. If the reporting person is a member of the staff of a hospital, agency, or school, the reporting person shall notify the person in charge of the hospital, agency, or school of his or her finding and that the report has been made, and shall make a copy of the written or electronic report available to the person in charge. A notification to the person in charge of a hospital, agency, or school does not relieve the member of the staff of the hospital, agency, or school of the obligation of reporting to the department as required by this section. One report from a hospital, agency, or school is adequate to meet the reporting requirement. A member of the staff of a hospital, agency, or school shall not be dismissed or otherwise penalized for making a report required by this act or for cooperating in an investigation.

...

(2) The written report or a report made using the online reporting system shall contain the name of the child and a description of the child abuse or child neglect. If possible, the report shall contain the names and addresses of the child's parents, the child's guardian, the persons with whom the child resides, and the child's age. The report shall contain other information available to the reporting person that might establish the cause of the child abuse or child neglect, and the manner in which the child abuse or child neglect occurred.

(3) The department shall inform the reporting person of the required contents of the written report at the time the oral report is made by the reporting person.

(4) The written report required in this section shall be mailed or otherwise transmitted to centralized intake.

...

Privileged communications.

Sec. 11.

Any legally recognized privileged communication except that between attorney and client or that made to a member of the clergy in his or her professional character in a confession or similarly confidential communication is abrogated and shall not constitute grounds for excusing a report otherwise required to be made or for excluding evidence in a civil child protective proceeding resulting from a report made pursuant to this act. This section does not relieve a member of the clergy from reporting suspected child abuse or child neglect under section 3 if that member of the clergy receives information concerning suspected child abuse or child neglect while acting in any other capacity listed under section 3.

NEW JERSEY

Summary of Provisions

1. Child Abuse Reporting

New Jersey requires any person who has reasonable cause to believe that a child has been subjected to child abuse or acts of child abuse to make a report immediately to the Division of Child Protection and Permanency by telephone or otherwise. **Priests are NOT exempted from this mandatory reporting requirement.** Anyone who knowingly violates the mandatory reporting requirement is a “disorderly person” under New Jersey law, which is the equivalent of a misdemeanor in other states.

2. Testamentary Privilege

Although New Jersey’s child abuse law does not contain an exemption for priests who learn about child abuse or neglect by means of confidential communications within the confessional or the internal forum of spiritual direction, New Jersey does recognize a priest-penitent privilege by means of which any communication made in confidence to a priest in his professional character, or as a spiritual advisor, shall be privileged. Privileged communications include confessions and other communications made in confidence between and among the priest and individuals, couples, families or groups in the exercise of the priest’s professional or spiritual counseling role.

New Jersey’s statutory provisions concerning child abuse reporting can be found at New Jersey Statutes Annotated §9:6-8.9 through §9:6-8.10. New Jersey’s priest-penitent privilege statute can be found at New Jersey Revised Statutes §2A:84A-23. Highlighted excerpts from these statutes follow:

9:6-8.10 Report of abuse.

3. Any person having reasonable cause to believe that a child has been subjected to child abuse or acts of child abuse shall report the same immediately to the Division of Child Protection and Permanency by telephone or otherwise. Such reports, where possible, shall contain the names and addresses of the child and his parent, guardian, or other person having custody and control of the child and, if known, the child's age, the nature and possible extent of the child's injuries, abuse or maltreatment, including any evidence of previous injuries, abuse or maltreatment, and any other information that the person believes may be helpful with respect to the child abuse and the identity of the perpetrator.

New Jersey Statutes Annotated §9:6-8.14

9:6-8.14. Violations including failure to make report; disorderly person

Any person knowingly violating the provisions of this act including the failure to report an act of child abuse having reasonable cause to believe that an act of child abuse has been committed, is a disorderly person.

2A:84A-23. Cleric-penitent privilege

23. Rule 511. Cleric-penitent privilege.

Any communication made in confidence to a cleric in the cleric's professional character, or as a spiritual advisor in the course of the discipline or practice of the

religious body to which the cleric belongs or of the religion which the cleric professes, shall be privileged. Privileged communications shall include confessions and other communications made in confidence between and among the cleric and individuals, couples, families or groups in the exercise of the cleric's professional or spiritual counseling role.

As used in this section, "cleric" means a priest, rabbi, minister or other person or practitioner authorized to perform similar functions of any religion.

The privilege accorded to communications under this rule shall belong to both the cleric and the person or persons making the communication and shall be subject to waiver only under the following circumstances:

- (1) both the person or persons making the communication and the cleric consent to the waiver of the privilege; or
- (2) the privileged communication pertains to a future criminal act, in which case, the cleric alone may, but is not required to, waive the privilege.

OHIO

Summary of Provisions

1. Child Abuse Reporting

Certain individuals, not including priests and church leaders, officials, or delegates, are mandatory reporters for all known or suspected child abuse. Ohio requires any school teacher and any administrator or employee of a residential camp, child day camp, or private, nonprofit therapeutic wilderness camp, to make an immediate report if he or she knows, or has reasonable cause to suspect, that a child under age 18 or a developmentally or physically disabled person under age 21 has suffered or faces a threat of suffering any physical or mental injury that reasonably indicates abuse or neglect. Such a report must be made to the public children services agency or to a peace officer in the county in which the child resides or in which the suspected abuse occurred.

Priests and church leaders, officials, or delegates, are mandatory reporters for known or suspected child abuse that was caused by another priest or church leader, official, or delegate. Clerics and all non-volunteer individuals who have been designated by any church, religious society, or faith to act as a leader, official, or delegate for that church, religious society, or faith are required to make an immediate report if they know, or have reasonable cause to suspect, that a child under age 18 or a developmentally or physically disabled person under age 21 has suffered or faces a threat of suffering any physical or mental injury that reasonably indicates abuse or neglect **and** who knows that another cleric or non-volunteer person who has been designated to act as a leader, official, or delegate for that church, religious society, or faith caused or poses the threat of causing the injury that reasonably indicates abuse or neglect. Such a report must be made to the public children services agency or to a peace officer in the county in which the child resides or in which the suspected abuse occurred.

A priest is **not** required to make a report of known or suspected child abuse concerning any communication received directly from a penitent in the sacrament of confession, **unless** all of the following conditions apply:

- (1) the penitent is a child under age 18 or a developmentally or physically disabled person under age 21;
- (2) the priest knows or has reason to believe that the penitent has suffered or faces a threat of suffering any physical or mental injury that reasonably indicates abuse or neglect of the penitent; and
- (3) the abuse or neglect does not arise out of the penitent's attempt to have an abortion performed upon a child under age 18 or a developmentally or physically disabled person under age 21 without notification to her parents, guardian, or custodian.

Reports may be made by telephone or in person. The reporter may be required by the receiving agency or officer to submit a written report as a follow up to the oral report. Mandatory reporters are immune from civil and criminal liability for participating in making a report or providing information to be used in a report.

2. Priest-Penitent Privilege

A priest who remains accountable to the authority of the Church concerning a confession made, or any information confidentially communicated to the priest for a religious counseling purpose in the priest's professional character, shall not testify concerning the confidential communication unless the person providing the confidential information:

- (1) voluntarily testifies on the topic; or
- (2) is deemed to have waived the testimonial privilege.

The person providing the confidential information is deemed to have waived the testimonial privilege if all of the following conditions apply:

- (1) the penitent is a child under age 18 or a developmentally or physically disabled person under age 21;
- (2) the priest knows or has reason to believe that the penitent has suffered or faces a threat of suffering any physical or mental injury that reasonably indicates abuse or neglect of the penitent; and
- (3) the abuse or neglect does not arise out of the penitent's attempt to have an abortion performed upon a child under age 18 or a developmentally or physically disabled person under age 21 without notification to her parents, guardian, or custodian.

PENNSYLVANIA

Summary of Provisions

A mandated reporter who has reasonable cause to suspect that a child is a victim of child abuse must immediately make an oral report on the statewide toll-free reporting line (1.800.932.0313). A mandated reporter who makes such a report must make a written report, within 48 hours, to the agency assigned to the case. A person who is required to make a report in his or her capacity as a staff member of an institution must also immediately notify the person in charge of the institution about the report. The person in charge of the institution shall facilitate the institution's cooperation with the investigation of the report.

Mandated reporters include priests, and any individual who, whether as a volunteer or employee, in his or her role as an integral part of a regularly scheduled program, activity, or service, is responsible for a child's welfare or has direct contact with children.

Although rules protecting privileged communications generally do not apply in Pennsylvania for situations involving child abuse, confidential communications made to a member of the clergy remain in effect.

A mandatory reporter who willfully fails to report a case of suspected child abuse commits either a felony or a misdemeanor. The willful failure to report suspected child abuse is a third degree felony if: (1) the child abuse constitutes a felony of at least the first degree and the mandatory reporter had direct knowledge of the nature of the abuse; or (2) the mandatory reporter repeatedly willfully fails to report suspected child abuse.

Pennsylvania's statutory provisions concerning child abuse reporting can be found at 23 Pennsylvania Consolidated Statutes, §§6311 *et seq.* Pennsylvania's statutory protection for confidential communications to clergymen can be found at 42 Pennsylvania Consolidated Statutes § 5943. Highlighted excerpts from these statutes follow:

WISCONSIN

Summary of Provisions

Wisconsin requires mandatory reporters who have reasonable cause to suspect that a child seen by the person in the course of professional duties has been abused or neglected or threatened with abuse or neglect to report known or suspected child abuse or neglect. Such reports should be made immediately, and can be made by telephone. Reports can be made to law enforcement officers. Wisconsin identifies a number of mandatory reporters of suspected child abuse, including members of the clergy and child care providers. However, Wisconsin exempts priests from mandatory reporting requirements with respect to information he receives solely through confidential communications made to him privately or in a confessional setting if he is authorized to hear or is accustomed to hearing such communications and, under the disciplines, tenets, or traditions of his or her religion, has a duty or is expected to keep those communications secret. Wisconsin's statutory provisions concerning child abuse reporting can be found at Wisconsin Statutes 48.981. Highlighted excerpts from this statute follow:

CODE OF CONDUCT REPORT FORM - WISCONSIN**

Wisconsin law asks ALL individuals and REQUIRES Mandatory Reporters who have reasonable cause to suspect that a child has been abused or neglected or threatened with abuse or neglect to report that suspected abuse or threat. Reporting is done by making a telephone call to the local police, the county sheriff, or the county child protective services agency. For a directory of all Wisconsin county child protective services agencies, go here:

<https://dcf.wisconsin.gov/reportabuse>

For information on *who* is a Mandatory Reporter and *what* is considered known or suspected child abuse, see <https://dcf.wisconsin.gov/index.php/cps/mandatedreporters>.

Furthermore, the Diocese of La Crosse should be told if a report has been made to civil authorities. To make a report to the Diocese, see: <https://diolc.org/safe-environment/reporting/>

In addition, the Institute's Code of Conduct requires *all* members, staff and volunteers to report *all* behaviors that raise concerns or violate its Code of Conduct (*even if* the behavior or suspected behavior does not rise to the level of suspected or threatened child abuse or neglect under Wisconsin law, and *even if* the member, staff, or volunteer is not a Mandatory Reporter under Wisconsin law). This internal report should be made to the local superior or, if the superior himself is the subject of concern, to the Institute's provincial superior in Chicago. CONSENT FOR MINORS**

Email and Texting Policies for Minors:

Members, staff, and adult volunteers who wish to conduct text, email or online conversations with minors age 13 or below must do so only through their parent's accounts. Members, staff, and adult volunteers who wish to conduct text, email or online conversations with minors age 14-17 must copy the minor's parent or guardian on all such communications.

Also note that any Institute employee or adult volunteer who receives a "friend request" on his personal social media account from a minor or vulnerable adult affiliated with the Institute is required by Institute policy to reject the request, unless specific permission is granted by the superior and the individual's parent or guardian. Similarly, members of the Institute may not use any personal social media accounts in their work for the Institute; members may only use social media accounts owned by the Institute itself.

Audiovisual Media Policy for Minors:

As an integral part of its mission, the Institute may take or acquire photographs, videos, or voice recordings ("Audiovisual Media") that communicate news about the implementation of its mission and vision. This Audiovisual Media may be routinely published in printed and digital publications and training materials, and/or on its website or other social media platforms. The Institute is committed to the responsible use of Audiovisual Media. Under no circumstances will the Institute knowingly publish Audiovisual Media that could be an embarrassment, cause scandal, or bring discredit to the Institute or the individuals in any audiovisual media. Neither full names nor contact information will be published for an adult without the individual's prior written consent, and no Audiovisual Media of an individual will be used in any fundraising appeal without that individual's prior written consent. Attribution credit will be given when required by applicable copyright laws. As a courtesy, and to the extent possible, the Institute will decline to use Audiovisual Media or will promptly remove Audiovisual Media, upon request. In some circumstances, however, it may be impossible to accommodate such a request, as for example when Audiovisual Media covers a large group at a public event.

By permitting a minor to participate in the Institute's *public* events, such as Masses, Baptisms, Confirmations, performances, community outreach projects, and similar events, parents and guardians will be deemed to have consented to the Institute's Audiovisual Media Policy. For *private* events, parents and guardians will be asked to provide written permission for the use of the minor's image in a manner consistent with this policy at those events.

INSTITUTE OF CHRIST THE KING SOVEREIGN PRIEST
SPIRITUAL DIRECTION CONSENT FOR MINORS

At the Institute, only priest members of the Institute may provide spiritual direction. The Institute’s Code of Conduct requires any priest who has been asked to provide spiritual direction to a minor or vulnerable adult to advise the parent or guardian of this request and to ask for the parent or guardian’s written consent.

These are the Institute’s pastoral standards with respect to Spiritual Direction:

- Sessions should not be held at places or times that could cause confusion about the nature of the relationship for the person receiving spiritual direction or for others in the environment.
- Spiritual direction may only take place in locations which permit random observation by others because such a setting provides assurance that the interactions are appropriate to the relationship without compromising the privacy of the session. Spiritual Directors should never meet alone with a client in a location or at a time when no one else is in the facility to observe interactions. Spiritual Directors should always promote an atmosphere and attitude of openness and transparency when meeting with clients.
- If a client comes for an unscheduled appointment or arrives at a time when there are no other adults in the facility, the Spiritual Director should either reschedule the appointment or require another adult to stay in the facility during the appointment.
- Spiritual Directors should inform their superiors and/or other staff on the premises of one-on-one meetings with minors and vulnerable adults, and invite random visual observation or status checks—even if the meeting is not on the Institute premises.

I consent to spiritual direction pursuant to these Institute policies.
